

## Environmental Policy

**E**nvironmental **A**wareness through **G**oodwill, **L**eadership and **E**xcellence

**Environmental** - Nucor Tuscaloosa is committed to protecting our environment through pollution prevention, waste minimization, and natural resource management. We accomplish this by implementing and executing on our Environmental Management System (EMS).

**Awareness** - Nucor Tuscaloosa sets objectives related to our environmental aspects and establishes action plans to minimize our environmental footprint.

**Goodwill** - Nucor Tuscaloosa strives to be a steward of the environment out of goodwill. We encourage open communication with our teammates, neighbors, and all other interested parties.

**Leadership** - As leaders in our community, we hold environmental compliance to the same standard as all other business functions. We are committed to providing the resources necessary to achieve environmental compliance and excellence.

**Excellence** - Nucor Tuscaloosa is committed to the continual improvement of our environmental performance. Through our EMS, we will achieve environmental excellence both individually and as a team.
