

# **Nucor Steel Kankakee Environmental Policy**

Nucor Steel Kankakee (NSKNK) is committed to the continual improvement of its Environmental Management System and to the prevention of pollution, waste reduction, property conservation and environmental protection. NSKNK will periodically review its activities and measure its performance using objectives and targets, system audits and management reviews to assist in achieving these commitments.

NSKNK is committed to comply with all applicable environmental laws, regulations, permits and other environmental requirements.

NSKNK is committed to educate and train our employees, suppliers and contractors to be knowledgeable about the Environmental Management System.
