

NUCOR

BAR MILL-AUBURN

ENVIRONMENTAL POLICY

Nucor Steel Auburn's Policy is effectively communicated through the acronym **A – U – B – U – R – N** to demonstrate our commitment to continual improvement of environmental performance.

A – ALWAYS COMPLY

Our objective is to adhere to all applicable legal and other requirements and to prevent or reduce adverse environmental impacts to air, land, surface water, and ground water.

U – UNITED TEAM RESPONSIBILITY

Protecting the environment is the responsibility of management and all persons working for or on behalf of Nucor Steel Auburn.

B – BE ENVIRONMENTAL LEADERS

The Environmental Management System will continually improve environmental performance through education and the development, monitoring, and measurement of objectives and targets to place Nucor Steel Auburn as a leader in the industry.

U – UPHOLD COMMUNICATION

These objectives are communicated to all persons working for or on behalf of Nucor Steel Auburn.

R – REDUCE ENVIRONMENTAL IMPACT

Environmental aspects are assessed throughout the facility to identify opportunities for pollution prevention and resource conservation.

N – NEED TO CONTINUALLY IMPROVE

To prevent, reduce, or mitigate adverse environmental impacts, we will continue to investigate new technologies and operational methods for significant operational changes.
