

NUCOR-LMP, Inc. ENVIRONMENTAL POLICY - S.T.O.R.M.

Our facility endorses the S.T.O.R.M. principles to demonstrate our commitment to continuous improvement of our environmental performance. All of the teammates at Nucor – LMP are committed to these principles.

S - Stewardship

Nucor-LMP recognizes the potential for environmental impact on our community. We will strive to minimize these impacts by evaluating our operations and researching new technologies and opportunities.

T - Triumph through Teamwork

By working together, Nucor – LMP will comply with laws and regulations governing our operations. Environmental compliance is a priority for all Nucor – LMP teammates.

O - Outreach

Nucor – LMP will foster open dialogue with our teammates, our neighbors, and our community.

R - Responsibility

Environmental protection is the individual obligation of each Nucor – LMP teammate and a primary responsibility of the leadership team.

M - Motivation

To continually improve the effectiveness of our Environmental Management System, Nucor – LMP will:

- Pursue pollution prevention and waste minimization.
- Investigate technologies that improve environmental performance
- Regularly evaluate the Environmental Management System and make improvements.
