# Environmental Policy

Nucor Steel Texas is committed to the protection of the environment and provides resources and personnel to ensure our commitment to environmental compliance and to our customers through communication and continual improvement.

**Commitment:** Nucor is committed to the protection of the environment through pollution prevention by operating in an environmentally friendly manner.

**Compliance:** We are dedicated to compliance with environmental, legal, and other requirements governing our operations.

**Customers:** Our commitment to regulatory compliance is also a commitment to our customers and their trust. We live each day with gratitude for the families, customers and partners that make our work possible.

**Communication:** We will communicate effectively and openly with our employees, neighbors, and other interested parties.

**Continual Improvement:** Our mission is to grow the core, expand beyond and live our culture by continually improving our Environmental Management System through regular evaluations and technological advances. We also challenge ourselves to become the world's safest steel company.
